## LEAGUE OF EXTRAORDINARY ALIENS

**I created the League Of Extraordinary Aliens to provide a framework of exclusive Masterminds for successful super-achievers where they can exchange and test ideas to bring their lives and vision fulfillment to an entirely different dimension.**

**No idea is off limits because often the whackiest ones are the ones that stick and yield extraordinary results. And Fast.**

**I love it!**

**For the full three days we had an extraordinary sommelier and chef to enjoy exquisite wines selected from the top dozen of Guadalupe's finest 300 wineries - Mezcal tasting as well.**

April 1st, 2022

Perched in the mountains of Guadalupe Valley, everyone had this chance to share their wisdom and test ideas.

Celebrity chef David Castro brought us the freshest seafood from 20 miles away that was just pulled out of the ocean that morning. That included oysters, abalone and lobster. It's all locally farmed and organic. There was also beef and pork on the menu as well as fresh tuna and yellowtail sashimi. Exquisite desserts to complete the experience!

**The accommodations were 5-star and exclusive with incredible views on the valley**

***It's been a blast! Incredible people. Collaboration. Meeting new folks. Amazing food.***

***JOEY OSBORNE, Founder of Sell My Business & Mosquito Authority***

**Our mastermind groups often take over the entire restaurant for the ultimate 5-star service and experience**
